

**Illinois Aviation Academy, Inc. AeroCamp
enrollment is now open for 2024!**

Each year, Illinois Aviation Academy, LLC. (IAA) is excited to provide an opportunity for young men and women to experience aviation through the AeroCamp program.

This year IAA will be running two Advanced Aerocamp (AC) programs.

AC 1 will have the opportunity to experience EAA “Airventure” located in Oshkosh, obtain over eight hours of ground instruction, as well as four days of flight training in the airplane and four days of flight training in a flight simulator.

AC 2 will obtain over ten hours of ground instruction, as well as five days of flight training in the airplane and five days of flight training in a flight simulator.

These Summer Camp programs are unique in the United States as they include “flight training”. This year, the camps include even more flight opportunities for campers than ever ran before.

2024 Advanced Camp 1 dates are: July 22nd through July 26th

Cost: \$2100

Includes: 4 flights w/ instructor logged, 4 simulator lessons logged, 8 hours of ground school logged, trip to EAA Airventure, snacks/water, Pilot Flying Handbook, Airplane Flying Hand book, camp T-Shirt.

Minimum Age: 14

2024 Advanced Camp 2 is: July 29th through August 2nd

Cost: \$2100

Includes: 5 flights w/ instructor logged, 5 simulator lessons logged, 10 hours of ground school logged, snacks/water, Pilot Flying Handbook, Airplane Flying Hand book, camp T-Shirt.

Minimum Age: 14

*For an additional charge students can obtain Cessna kit (includes logbook) and waive school enrollment fee (\$200). Students can also purchase a logbook without the kit for \$12

***Students cannot be suffering from any depressive condition as that is outlined by the FAA as a disqualifying factor [Pharmaceuticals \(Antidepressants\) faa.gov](https://www.faa.gov/air_traffic/flight_info/aeronav/digest/items/antidepressants).**
